Can you find
Dan Noke's frogs
Throughout
this program?

psst...there are 10 of them!

What is art?

According to the Merriam Webster dictionary, it's "the conscious use of skill and creative imagination especially in the production of aesthetic objects"

Five years ago we created the Wellsboro Comic Con to celebrate Pop's Culture Shoppe's 10th Anniversary and thank the region for all the support. We wanted to promote the town, and do it through "the arts". In fact, when we were looking for a place to live 22 years ago, what made Wellsboro stand out was the vibrancy of the town illustrated by the "conscious use of skill" that shone through in the beautifully painted buildings, the placement and choices of trees, the many plays and concerts, the art gallery, the décor of the businesses and homes, and even the overwhelming number of students who participated in the Christmas Chorus. The artistic efforts behind one of the most beautiful gas-lamp lined downtowns in the country were clear.

At the convention, look around. View the world and it's "aesthetic objects", and imagine the creative imagination behind it all. You'll see traditional artwork in the forms of penciled works, inked pieces, paintings, but you'll also see hats, plushies, comedy, music, digital effects, costumes of characters you know, some that are mash-ups, and some that are straight from the minds of those in the costume. Everywhere you turn you'll see ART. Take time today to appreciate the use of skill and imagination that created all these things.

Squonk hides in the PA
 night,
 Trying to stay out of sight.

His eyes a steady river cry,
 Feeling sad and also shy.

"Come on out you wrinkly
 beast,
 Have you tried a
 marshmallow feast?

No need to cry or melt to
 tears,
 We can calm each other's
 fears."

And so they've each made
 a new friend,
 Our story has a happy end.
